WILSON CABLES TUMULTY LEAGUE IS TO BE PART OF THE PEACE TREATY

PLENARY COUNCIL HAS POSITIVELY DECIDED SAYS PRESIDENT AND ALL CONTRARY REPORTS UNTRUE

CLEAR UP ANXIETY OF NATION

By United Press
NEW YORK, March 15.—The Plenary Council at Paris has positively decided that the League of Nations is to be part of the peace treaty, Joe. F. Tumulty, secretary to President Wilson, announced today. He declared President Wilson has so called him. Secretary Tumulty's statement was made with reference to a report that the League would be included in the peace treaty.

Tumulty's statement follows: "I called direct to the President at Paris asking him if there was any truth in this report and I am this morning in receipt of a cable from the President saying that the Plenary Council has positively decided that the League of Nations is to be part of the peace treaty. There is absolutely no truth in any report to the contrary."

PARIS, March 15.—President Wilson today is expected to urge incorporation of the League of Nations in the preliminary peace treaty with Germany. It was understood he believes that such a course is not only possible but advisable. The President's position in this regard was to be made known in a statement made at an informal meeting this afternoon at the residence of the Supreme War Council called for three o'clock this afternoon. At that meeting he was to be officially acquainted with the program made in the peace work during his absence. Despite the activities of the various committees while the President was away, his return has given new impetus to every branch of the peace conference. Owing to the fact that many questions were contingent on his judgment, leaders were more hopeful than ever today that the preliminary peace treaty would be ready for transmission to Germany between March 20 and March 25.

By ROBERT J. BENDER

WASHINGTON, March 15.—President Wilson will continue his fight for embodiment of the League of Nations covenant in the peace treaty at Paris unless he changed his mind completely on this question. A more or less confused opinion exists among the officials and senators here as to just what has happened to the League's covenant in the treaty which is reported nearly completed. There is nothing to indicate that the President has changed his determination to have the covenant in the peace pact. The night the President left Paris, returning to the United States, he told this correspondent that the first thing he would take up on his return would be adoption of the League's covenant. Repeatedly he has said openly and privately that the League must be embodied in the treaty itself, not left to be worked out later. Hence it may be assumed that the peace conference will very shortly get back again to the League of Nations' discussion.

SUNDAY MEETING AT Y. M. C. A. FOR LADIES ONLY—4 O'CLOCK

The Ladies meeting at the Y. M. C. A. promises to be almost as large as one of the McConnell meetings for ladies only. There were 700 people in the Y. M. C. A. gymnasium to hear Dr. W. S. Piper. Secretary Graffius has spoken to audiences of two thousand ladies and girls in some of our cities. He will address the mothers and daughters of our town Sunday afternoon at 4 o'clock on "Our American Girl." Mrs. E. C. Reeve will lead the singing and Miss Emily Edmiston will play a violin solo.

WANTED—Washings to do at home. Inquire of 1005 Turnpike avenue.

JAMES CALDWELL FELL OFF BOUNDHOUSE ROOF BREAKING HIS NECK

James Caldwell, one of the oldest and most respected employees of the B. & P. at DuBois, met death yesterday morning as the result of a fall of almost sixty feet from a ladder at the locomotive works. The ladder was leaning against the boiler house and Mr. Caldwell, with another employee were going to the top to do some work.

He was seen to reach the top, and just as he was stepping onto the roof, he somehow missed his footing, and plunged backward to his death. A number of fellow workmen nearby rushed to his aid, but he was so badly injured that nothing could be done for him. His neck was broken, as well as his back, both arms and one of his legs, and his face was badly crushed. An ambulance was secured and he was taken to the Maple avenue hospital, but he expired just as he was being lifted into the elevator to be taken to the operating rooms.

MEETING OF RAILROAD MEN TOMORROW

TEA ROOM OPENS MONDAY

The tea room on Locust street, will be formally opened on St. Patrick's day, 12 o'clock noon. Regular luncheon will be served from 12 to 1:30. During the afternoon light refreshments will be served at any time.

KENYON FINDS THE PEOPLE OF IOWA OPPOSE THE LEAGUE

By L. C. MARTIN
(United Press Staff Correspondent)
WASHINGTON, March 15.—Senator Kenyon's statement on League of Nations was received here today with undisguised satisfaction by those fighting the adoption of the proposed constitution. Kenyon's statement demanding amendments to the draft before it is submitted to the Senate for ratification was made after he had spent nearly a week in his home state of Iowa talking with his constituents. Kenyon has declined to sign the Round Robin of the opposing Senators.

He announced before leaving Washington that he had not made up his mind on the proposal and would do so only after he had gone directly to the people and gotten their views. The sentiment, in Iowa at least, is against the League in its present form. The people have a right to demand that such a document is to affect the whole world. This was taken here to mean that Kenyon probably will demand that the League's pact language be cleared up.

PURIM POPULAR JEWISH FESTIVAL

NEW YORK, March 15.—At sunset this evening the followers of the Jewish faith the world over will begin the celebration of the festival of Purim, one of the most joyous holidays of the Jewish calendar. The observance of the day is entirely secular in tone, consisting of merrymaking and feasting, of making gifts to friends and relatives, and the giving of "shalach-monos," or gift to the poor.

The festival is based on the book of Esther, and is celebrated as a commemoration of the downfall of Haman, a prime minister of King Ahasuerus, who, according to the book, plotted the extinction of the Jewish race and was hung on his own gallows that he erected for Mordecai, a leader of the Jewish people at that time.

The observance of the festival is symbolic of the incidents of the story. First comes the fast of Esther, on the 13th day of Adar, or one day before the festival when the Orthodox Jews fast, as did Esther. Then comes the reading of the Book in the synagogue. At home the housewife has ready baked "Haman Tashen," or three-cornered cakes filled with poppyhead seeds. The three corners of the pastries are supposed to represent the hat of Haman, a mark of high standing in the days of Ahasuerus, while the black filling represents the heart of the wearer.

Purim has been called the Jewish carnival, and many of its features were adopted under the influence of the Roman and other carnivals which happened to be celebrated about the same season. In the early days masquerading had a prominent place in the popular amusements. The custom was introduced among the Italian Jews of the fifteenth century, and from there spread over all countries where Jews lived except perhaps in the Orient. Boys and girls would walk from house to house in all kinds of grotesque masks and indulge in every form of jollity. Purim comic songs in rhymed doggerel would be sung, and after being rewarded they would leave for other pastures.

It was only natural that from these simple and crude amusements a higher form of entertainment should be evolved, and thus it was that the Purim play became an established form of Jewish recreation in the Middle Ages.

WANTS PAY FOR DAMAGED AUTO

Suit was entered in the Prothonotary's office today by George W. Johnson, of Clearfield, who seeks to recover \$410 from Louis Finberg, of Philipsburg, for damages to a roadside automobile which came into collision with an auto truck belonging to Finberg.

The accident occurred near Chester Hill through on October 8th last, and the plaintiff's statement recites that the repairs to the roadster following the wreck cost \$110, while the depreciation of the machine as an incident thereto will amount to \$300 more.

AMERICAN IMPORTALS

CHARLES F. HOFFMAN, Gunny Sergeant, 49th Company, 5th Regiment, U. S. M. C. Sergt. Hoffman received the Distinguished Service Cross for an act of conspicuous gallantry in action with the enemy near Chateau-Thierry, France, June 6, 1918. Immediately after the company to which Sergt. Hoffman belonged had reached its objective on Hill 142, several counter-attacks were launched against the line before the new position had been consolidated. Sergt. Hoffman was attempting to organize a position on the north slope of the hill when he saw twelve of the enemy, armed with five light machine guns, crawling toward his group. Giving the alarm, he rushed at the hostile detachment, bayoneted the two leaders, and forced the others to flee, abandoning their guns. His quick initiative and courage routed the enemy from a position from which they could have swept the hill with machine gun fire and forced the withdrawal of our forces. His home is in Brooklyn, N. Y.

SUNDAY SCHOOL LESSON

LESSON FOR MARCH 16

THE CITIES OF REFUGE

LESSON TEXT—Joshua 20. GOLDEN TEXT—Blessed are the merciful: for they shall obtain mercy.—Matthew 5:7. ADDITIONAL MATERIAL—Numbers 35; Deuteronomy 19. PRIMARY TOPIC—Protecting the unfortunate. INTERMEDIATE TOPIC—Treatment of unintentional offenders. SENIOR AND ADULT TOPIC—Our responsibility toward offenders.

1. The Need of the Cities of Refuge (20:1-3). Justice everywhere cried, "An eye for an eye." "A tooth for a tooth." "Blood for blood," and the avenger of blood was charged with the duty of satisfying this cry. While justice should not be allowed to miscarry, it is most important that there be mercy shown. Sometimes just men forget to be merciful. In order that the innocent be protected and mercy shown to the unfortunate and yet justice be done, the cities of refuge were authorized. It was not a scheme by which the criminal was absolved from justice, but a provision whereby the innocent was protected.

II. Regulations Touching the Cities of Refuge (20:4-9). 1. The right of entrance not to be denied (v. 4). It was obligatory upon the rulers of the city to admit upon demand the one who had killed, pending a trial which would disclose the fact as to whether the crime had been intentional or not.

2. The security of the one who entered the city (v. 5). The rulers of the city did not dare to deliver the man slayer to the avenger of blood for punishment until a fair trial had been given; neither could the avenger cross over the threshold of the city to touch a hair of the one who had taken refuge in it.

3. The right of fair trial (v. 6). This provision of mercy made it so that the refugee could be safely made an accused person. It was made as to whether he had killed "unwittingly" or by wicked purpose, and it should be proved that the man was guilty of murder he was delivered over by the authorities to the avenger of blood that justice might be done.

4. The innocent slayer must remain in the city (v. 6). Even though the trial should exonerate him from intentional killing, yet he must remain in the city in order to be saved. So great is the act of taking a human life that even the innocent man was obliged to be separated from his home and friends at least until the death of the high priest. This deprivation enforced the obligation to shield life.

III. The Appointment of the Cities of Refuge (20:7-9).

1. On the west side of Jordan (v. 7). (1) Kedesh in Naphtali on the north; (2) Shechem in Mt. Ephraim in the center; (3) Hebron in the south.

2. On the east side of Jordan (v. 8). (1) Golan in Bashan on the north; (2) Ramoth-Gilead in Gad in the center; (3) Bezer in Reuben in the south. In this distribution there was a place of safety accessible to all. Those cities were not only in reach, but good roads well marked, led to them so that the refugee might reach a place of safety before being overtaken (Deut. 19).

This beautifully illustrates the refuge which the sinner has in Christ. (1) It's necessity. Since by accident or wicked purpose men did kill in order to be saved from the avenger, all cities of necessity were appointed. All have sinned and are exposed to the wrath of God, therefore if any saved a place of safety must be provided in Christ. (2) This provision was by divine appointment. "Of him we live in Christ Jesus" (1 Cor. 1:30). (3) The cities were accessible to all. They were so distributed that wherever the unfortunate circumstance should occur the slayer could flee to the city before being overtaken. Christ is not far off. The Bible shows what great effort God makes to save men. (4) The one who fled to the city was secure. The avenger did not dare cross over the threshold of the city. Every one who is in Christ is secure. No one can lay anything to the charge of God's elect. (5) The individual must flee to the city. The man slayer would be exposed to danger if he remained at home or outside of the city. The sinner, if he would be saved, must come to Christ. There is no place of safety for those who remain away. The safety in Christ is even more vital than that in these cities. To him the guilty can flee with the assurance of safety.

TEMPERANCE HOTEL FOR PHILIPSBURG

Philipsburg moneyed men headed by Congressman C. H. Rowland are taking subscriptions for the erection of a temperance hotel, on modern lines to be erected in Philipsburg. The new hotel is to cost \$150,000 and the subscription list close this list.

JUVENILES CHARGED WITH SERIOUS ACTS

Judge Bell presided over a session of Juvenile court today, the necessity for same being occasioned by the fatal stabbing of little Leo Spencer by John Shoff at Madera on Friday, February 21st last, and a case from Woodland in which a young lad named Stevens is charged with the inhuman abuse of a little girl taken from the Children's Home by Mr. and Mrs. James Stevens, parents of the accused lad.

The Shoff hearing was taken up at 10:30 and a great deal of testimony taken. On the date mentioned the Shoff boy, Leo Spencer and his little brother were playing in the attic at the Shoff home. John Shoff is thirteen years of age and Leo Spencer is about 11.

The Spencer boys were playing with two toy railroad trains on the floor while the Shoff boy was whittling out a miniature airplane wing. John ordered Leo Spencer to stop playing with the train and as he arose, from the floor immediately in front of Shoff, the latter's pen knife struck him in the back, the point of the blade penetrating the water sac surrounding the spinal cord.

Following the injury the boys continued to play in the attic for half an hour and then adjourned to the yard. The Spencer boy went home in the evening and complained of being sick at his stomach, but failed to mention his injury. He remained in bed the next day and his father procured medicine for him from the doctor. On Monday the doctor was summoned and the knife wound was discovered. The injury failed to respond to treatment and the following Thursday the boy was brought to the Clearfield hospital where spinal meningitis developed and death ensued in a few days.

The Spencer's allege that the Shoff boy deliberately stabbed their son and Leo's brother, who was an eye-witness of the happening, described how John, who was whittling left-handed, took the knife in his right hand and struck the boy in the back with it in his anger.

John Shoff and his parents contend the stabbing was purely accidental. That the boys were so close together that when Leo started to get up from the floor he raised up against the knife in John's hand as he whittled, and pointed to the fact of their continuing to play in the attic for another half hour as showing there was no trouble between the boys.

Several witnesses were called to show that the boy was a bad boy, while the Shoff's and their friends testified to the contrary. Juvenile Probation Officer Leavy who investigated the matter for the district attorney said he found the Shoff boy had a bad name in the community.

District Attorney Arnold conducted the examination for the commonwealth, while Walter Welch, Esq., represented the Shoff boy.

The testimony in the Shoff case was completed before the noon recess and the Stevens case was taken up after dinner.

Little Minnie Jackson, who said she was 12 years of age, on March 1st, then went on the stand and recited a harrowing tale of her treatment at hands of Layman Stevens. Her chapter of horrors ended with the story of how Stevens took a hot poker, while his two brothers aged 8 and 6 years held the little victim and burned her severely two different times.

Stevens was put on the stand and admitted the whole story. He said he was 12 years of age, but had secured employment at the Harbison-Walker brickworks at Woodland by representing himself as being 14.

His father was called to the stand and corroborated the stories told.

No action was taken by Judge Bell in either case, as he desires to secure further enlightenment.

NORMAN MACK PICKS WILSON AS 1920 WINNER

(By United Press)
RICHMOND, VA., March 15.—Woodrow Wilson again will serve the United States as President, according to Norman E. Mack, of Buffalo, N. Y., former National Democratic chairman. Mack, here on a visit, predicted that Wilson will be the choice of the people in 1920. Pershing, Harding or Wood will be the Republican candidate in Mack's opinion.

DEMobilIZATION IS SLOWING UP SINCE CAMPS ARE REDUCED

By United Press
WASHINGTON, March 15.—Demobilization of the American army now stands at 1,419,386, the office of the chief of staff announced today. The demobilization work has been slowed up, a table shows, due it was stated to the fact that nearly all the men in this country except those needed to maintain the camps have been discharged. This week the total demobilization was 34,081 and is the smallest of any week since November 23. Future demobilization work, it was stated, depends now almost entirely on the rapidity with which the men are returned from overseas. Orders issued March 11, for demobilization approximate 1,678,500 showing that all but 250,000 of this number are now back to civilian life. The original orders include 1,305,000 troops in the United States and 373,500 overseas men.

SUSQUEHANNA COLLEGE OF MUSIC RECITAL PLEASING EVENT

The pupils' recital at the Susquehanna College of Music Thursday evening was a musical treat long to be remembered by the capacity audience which thronged Thayer's spacious Locust street auditorium.

There were fifteen numbers on the program and each performer showed that class and perfection which dominates the work of all students of this popular and thorough going institution.

Every number was worthy of commendation but the artistic skill and ability of the following participants really deserves especial mention: Miss Catherine Plummer and Miss Elizabeth Heck, pianists; Catherine Weber, Regina Malloy, Fred Sheeder, and Percy Frailey, violinists. Miss Nettie Maines, soloist, demonstrated the possession of a beautiful voice while Miss Margaret Littman recited very prettily.

The College of Music is in its thirteenth year in Clearfield and improves with age by getting better and much better each year.

Both Prof. Thayer, his faculty and pupils are to be congratulated upon the general excellence of Thursday evening's program.

STATE TO FORCE UNANIMITY ON THE VACCINATION LAW

By United Press
HARRISBURG, March 15.—Commissioner of Health Dr. Martin today announced that he would at once institute a proceeding to finally determine the question of compulsory vaccination for public school children in the state. Immediate legal action against parents who refused to permit their children to be vaccinated according to law is planned. Commissioner Martin by direction of the Attorney General's department has retained counsel in various counties where the vaccination laws have been most flagrantly violated.

Proceedings have been ordered to be issued in Cambria county and are continuing in various sections of the state.

NATIONAL ARMY MAN SAYS HE PLANNED ASSASSINATION OF AUSTRIAN ARCHDUKE

By United Press
Camp Sherman, O.—Intelligence officers today are investigating a story told by Private Frank Hobel, aged 27, a patient in the base hospital that he was one of four men who planned the assassination of Austrian Archduke Franz Ferdinand which plunged the world into war. Hobel says after the assassination his father gave him \$300 and advised him to leave the country. According to Hobel's story he travelled at night overland until he reached Canada, and landed in New York six weeks after Austria had declared war on Serbia. He went to Lorraine, Ohio, where he secured employment in a steel mill. When the United States entered the war he was drafted and went to Camp Sherman. He has been there ever since. Most of the time being spent in the hospital for treatment for tuberculosis. Intelligence officers said today that their investigation so far indicated that Hobel is telling the truth.

FOURTEEN MILLIONS FOR ROADS

HARRISBURG, Mar. 14.—The sum of fourteen million dollars was made available today for state highway when Governor Sprout signed the highway department appropriation bills. This action, it is believed, will give road construction a new stimulus.

One bill appropriates \$3,620,000 for salaries and other expenses that will be incurred in the administration of the department for two years. The other appropriates \$10,380,000, divided as follows:

Permanent highway construction, \$5,000,000.
Repairs of state highways, \$4,000,000.
Maintenance of state aid highways, \$400,000.
State share in construction of state aid highways, \$43,000,000.
Turnpike condemnation, \$500,000.
Second class township road bonds for 1918 and 1914, \$1,142,049.38.
Damages, etc., \$20,000.

SHALL WE CHANGE OUR SUNDAY LAWS?

MOVIE MAKERS WANT NEW BILL PASSED

IS PROPOSED BILL SHEEP OR A LAMB?

LABOR OPPOSING MORE SUNDAY WORK

law. Some Philadelphia high-brows are trying to change the whole Pennsylvania scheme of laws to enable the Philadelphia Orchestra to give Sunday concerts and, they say, enable the hard working Philadelphia worker to go to the concert and hear good music. If, however, the movie houses are going to be open to compete with the long haired artists, we have seven iron wheels to bet that while one hundred Hog Island riveters and shipbuilders are listening to a Polish Polka or a Rhennish Rhapsody, one hundred thousand of their fellows will be looking on Mary Pickford, Douglas Fairbanks or Charley Chaplin.

The writer is in favor of free municipal Sunday concerts of secular music but that the proposed law is a "joker" is proven by the activity of the movie industry. The object of the sponsors of the bill is not to enable anyone to enjoy themselves any better but to roll up profits on seven days in a week instead of six. Any moving picture exhibitor in the country will admit that he has been importuned to use his influence in favor of the bill. While the movie-makers, the theatre managers and the capitalists of the movie game are in favor of the bill "in order that we might enjoy ourselves and they thereby profit," how much thought are they giving to the theatre employee, the orchestra musician, the machine operator and others who must work on Sunday? Laboring men have always fought for a six day week and it is a right that should not be denied them. The new bill, as we see it, is a body blow to the rights of labor. Sunday amusements cannot be run without labor.

WINBURNE TO HAVE FIRE BRICK PLANT

Winburne, terminal of the Centre and Clearfield street railway, is to have a \$150,000 fire brick plant, construction work on which will begin as soon as weather conditions permit. The Winburne Fire Brick company, incorporated, composed of Pittsburgh, Punxsutawney, Clearfield and Winburne men, will own and operate the plant.

The forty-acre level tract just below the New York Central station, at Winburne has been purchased, and on this piece of ground the plant will be erected. About 700 acres of fire clay and 400 acres of coal lands, lying adjacent to the site, have been purchased.

Skilled engineers have estimated the clay beds, which are in five separate veins and totaling 47 feet, will yield 50,000,000 tons, which will be sufficient to operate the plant at a capacity of 50,000 brick a day for several generations. The coal will total 2,000,000 tons.

BOB OTT AS HE IS

Salamanca, N. Y., critic says:
EXCEPTIONALLY GOOD STOCK COMPANY IN CLEAN SHOW
Auspicious Opening of Week's Engagement of Bob Ott & Co. At The Andrews

"One of the best stock companies that ever has played at a Salamanca theatre, presenting a clean comedy, interspersed with acceptable specialties---that in brief is the record of the opening of a week's engagement at The Andrews last evening by Bob Ott & Co. A full house greeted the company and gave every evidence of appreciation."

"Ask Dad---He Knows," the first night's bill, cannot properly be called a musical comedy. It is truth simply a comedy, with musical numbers thrown in extra. It is a comedy that is full of humor and the Ott Company gives a very satisfactory interpretation. And it is worthy of note that there is a complete absence of objectionable features. Speaking briefly between acts, Mr. Ott said that this holds true of the company's entire repertoire.

"The company boasts no stars and does not essay anything pretentious in the way of music; but the individual voices are all good, and the choruses are well sung."

No More Days Of Less

Meatless, heatless, wheatless are days of the past; but the thrift born of them is with us to stay.

To demand the utmost for a dollar is one great lesson the world has learned. Along with other days of less, it has cancelled days of less service.

Service has always been the Goodrich measure of the value of tires; that is, what a tire proves itself worth you in service on your car, and on the road.

You see promise of service in the better full rounded bodies of Goodrich Service Valve Tires; and their thicker SAFETY TREAD, extra wide to bridle the sidewall against rut grinding.

You get fulfillment of promised service, value in their dependability and durability wherever you take them.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much vigor as you did when in the springtime of youth. Keep your body in good condition, that's the secret. Watch the kidneys. They filter and purify the blood, and of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and decay, uric acid accumulations from your system. Take GOLD MEDAL Haaslin Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haaslin Oil Capsules are the imported direct from the laboratories at Haarlem, Holland. They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

NEWS OF OUR NEIGHBORS CURWENSVILLE

A number of relatives and friends from this place attended the funeral of William Freeman at Grampian Thursday afternoon.

The report that there were several cases of the influenza on the South side is erroneous. The attending physician informed the Progress man that the persons who are supposed to be afflicted by the disease, are all only from minor complaints and will soon be able to be up and about again.

The two or three inches of snow that fell during Thursday night tickled the kiddies almost to death Friday morning and during the day threw balls and used their sleds to their heart's content. The snow did not deter the robins from ushering in the day with morning song however.

At a recent meeting of borough council the question of purchasing a new motor fire truck was finally brought to a conclusion, by a vote authorizing the purchase of a truck from the LeFrance people for the sum of \$10,250, the borough to contribute the sum of \$7,000, and the firemen agreeing to contribute the balance, \$3,000. The truck will be delivered in about three months, and when it arrives it will be thoroughly tested and if found to be and will do the work claimed for it, will be accepted by the borough. Council also passed a resolution to issue bonds for the sum of \$7,000 instead of the amount asked for at the time the bond issue was voted on. Now that the fire truck business is finally settled, it would be well for member of council to turn their attention to the water question, and ascertain if the citizens of this borough are to be compelled to pay the advanced rate asked by the water company or not.

The Progress man has been requested to announce in his letter that there will be a meeting of the Liberty chorus on Thursday evening, March 20th, at the High school building. This will be an important meeting and all of the members are urged to be present.

Messrs. Frank and Rufus Morris and Clarence Bell have gone to Cambria county where they have secured employment in a fire brick plant of which William McDonald of this place is the superintendent.

Miss Jeannette Miller, north Thompson street, entertained her classmates of the Senior class Friday evening in honor of St. Patrick's day.

It is announced that Mrs. John Fox of Susquehanna avenue, will entertain the Rosary society at their friends at her home next Thursday afternoon, March 20th.

Mrs. W. A. Thompson, entertained a number of guests Thursday evening.

at her home on tSate street, the occasion being the celebration of a birthday anniversary of Mrs. W. G. Laye. Everybody came away voting that they had spent a most pleasant evening.

The Sunshine Mission of the Presbyterian church will hold a food and candy sale in the room formerly occupied by the Harry Teats grocery store on Saturday afternoon, March 15th. Everybody is invited and will be made welcome.

There will be a meeting of the members of the Rescue Hose and Ladder company in their rooms on Monday evening at 8 o'clock. It is requested that every member of the company be present.

Considerable complaint is heard about so many loose dogs being allowed to run at large throughout the town. A drove of a half dozen will cavort for an hour or so in the muddy alleys and then run over porches, back and forward, tracking the floors in such a manner as to compel the women to do a lot of extra scrubbing and cleaning. A considerable number of these canines are at large without either collar or tag. It would be just as well if some good Samaritan would take a gun and spend a few hours each day getting rid of a lot of these worthless and bothersome animals.

BAND REHEARSAL TOMORROW AFTERNOON

The Fire Department band will meet in No. 1 hall Sunday afternoon at 3 o'clock. All members are requested to be present.

The Illinois Industrial Survey Commission, appointed under an act of the legislature of 1917, has submitted a report recommending an eight-hour day and a 48-hour week for women workers. The report finds that employers themselves are testifying to the value of shorter hour of work for women employes.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musteroil
When those sharp pains so shooting through your head, when your skin seems as if it would split, or rub a little Musteroil on your temples and neck. It draws out the inflammation, soothes away the pain, and gives quick relief.
Musteroil is a clean white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.
Many doctors and nurses frequently recommend Musteroil for sore throat, bronchitis, croup, stiff neck, asthma, lumbago, sprains, rheumatism, chilblains, frost-bite—colds of the chest (it often prevents pneumonia). It is always dependable.

Study the Columbus Fifth Wheel Only International Wagons Have It

WE can demonstrate how the Columbus fifth wheel makes the best wagon still better. Look over this strong, new feature, which you will find only on International wagons.

The famous fifth wheel on the Columbus, made of strong, malleable iron, with large wearing surfaces, does these things: It distributes the strain on the front bolster and sand-board; overcomes pitching of bolster, so preventing bending or breaking of the king bolt; does away with pulling up of front bolster and bending of circle iron.

The top plates of the fifth wheel are widest, so the lower plates are protected and no dirt gets in between. The more you study the merits of this feature, the more you will appreciate its importance.

TODAY'S EVENTS

Maine today enters upon the one
hundredth year of her statehood.

At sunset this evening begins the
annual observance of the festival of
Purim, one of the most joyous oc-
casions of the Jewish calendar.

Edward Payson Weston, the most
famous professional pedestrian that
America has ever produced, will re-
ceive congratulations on his 80th
birthday.

Accompanied by a party of United
States Navy officers, Secretary Dan-
iels is to sail from New York today
for a conference with the Allied naval
officials in Europe.

Representatives of six of the lead-
ing women's colleges of the east—
Vassar, Mount Holyoke, Smith, Wel-
lesley, Radcliffe and Barnard—are to
engage in an intercollegiate debate
today of the subject: "Resolved, that
universal free trade shall be upheld
by the league of nations."

Seventy-five railroadcars are need-
ed daily to haul away the merchan-
dise sold by America's largest mail-
order house.

Two hundred \$2.50 crepe de chine
and silk waists will be sold at Mirkin's
for \$1.98. All shades and all sizes.

DOESN'T NEED ANY LAXATIVES NOW

Mr. Becker says life is a joy,
without constipation or
stomach trouble.

"I had catarrh of the stomach and
head for three years. My stomach was
so bad that every time I ate anything
sweet, such as fruit or pastry, the burn-
ing hot water would run out of my
mouth. I had to take a laxative every
night."

"Since taking Milks Emulsion, my
bowels move regularly. I have now
taken ten bottles and have gained 10½
pounds. All my friends remark how
fine I am looking, and it seems a piece
of cake to live again, without stomach
trouble."—E. Becker, Miami, Ohio.

Physicians usually make slaves out of
their users, and weaken the bowels in-
stead of correcting them. Stomach trou-
ble in many cases is directly due to
constipation.

Milks Emulsion is a pleasant, nutri-
tious food and a corrective medicine. It
restores health, builds up the system,
going away with all need of pills and
physics. It promotes appetite and quick-
ly puts the digestive organs in shape.
It is strongly recommended to run-down ner-
vous people, and it has produced amaz-
ing results in many cases of asthma,
chronic bronchitis and tuberculosis of
the lungs. Chronic stomach trouble and
constipation are promptly relieved—usu-
ally in one day.

This is the only solid emulsion made,
and so palatable that it is eaten with
spoon like ice cream. A truly wonder-
ful medicine for weak, sickly children.
No matter how severe your case, you
are urged to try Milks Emulsion under
this guarantee—Take six bottles home
with you, use it according to direc-
tions, and if not satisfied with the
results, your money will be promptly
refunded. Price 60c and \$1.20 per
bottle. The Milks Emulsion Co., Terre
Haute, Ind. Sold and guaranteed by
Stewarts Drug Store.

The Sanitary Wall Covering

A package of Alabastine and four pints of water will
tint 300 square feet of wall space.

Alabastine is made in many colors and white. It is
easily applied. It is better than wall paper, because it is
sanitary. It can be cleaned easily. If you wish to re-decor-
ate the wall, you can wash off the Alabastine with water.

It is the clean, sanitary wall covering.

WILSON CABLES TUMULTY LEAGUE IS
TO BE PART OF THE PEACE TREATYPLENARY COUNCIL HAS POSITIVELY
DECIDED SAYS PRESIDENT AND ALL
CONTRARY REPORTS UNTRUE

CLEARS UP ANXIETY OF NATION

By United Press
NEW YORK, March 15.—The Plenary Council at Paris has positively decided that the League of Nations is to be part of the peace treaty, Joe. F. Tumulty, secretary to President Wilson, announced today. He declared President Wilson has so called him. Secretary Tumulty's statement was made with reference to a report that the League would be included in the peace treaty.

Tumulty's statement follows: "I called direct to the President at Paris asking him if there was any truth in this report and I am this morning in receipt of a cable from the President saying that the Plenary Council has positively decided that the League of Nations is to be part of the peace treaty. There is absolutely no truth in any report to the contrary."

By CARL D. GROOT
(United Press Staff Correspondent)
PARIS, March 15.—President Wilson today is reported to have incorporated the League of Nations in the preliminary peace treaty with Germany. It was understood he believed that such a clause is not only possible but advisable. The President's position in this regard was to be made known in a statement, which was at the point of the Supreme War Council called for three o'clock this afternoon. At that meeting he was to be officially acquainted with the program made in the peace work during his absence. Despite the activities of the various committees while the President was away, his return has given new impetus to every branch of the peace conference. Owing to the fact that many questions were contingent on his judgment, leaders were more hopeful than ever today that the preliminary peace treaty would be ready for transmission to Germany between March 20 and March 25.

By ROBERT J. BENDER
(United Press Staff Correspondent)
WASHINGTON, March 15.—President Wilson will continue his fight for embodiment of the League of Nations covenant in the peace treaty at Paris unless he changed his mind completely on this question. A more or less confused opinion exists among the officials and senators here as to just what has happened to the League's covenant in the treaty which is reported nearly completed. There is nothing to indicate that the President has changed his determination to have the covenant in the peace pact. The night the President left Paris, returning to the United States, he told this correspondent that the first thing he would take up on his return would be adoption of the League's covenant. Repeatedly he has said openly and privately that the League must be embodied in the treaty itself, not left to be worked out later. Hence it may be assumed that the peace conference will very shortly get back again to the League of Nations' discussion.

SUNDAY MEETING AT Y. M. C. A.
FOR LADIES ONLY—4 O'CLOCK

The Ladies meeting at the Y. M. C. A. promises to be almost as large as one of the McConnell meetings for ladies only. There were 700 people in the Y. M. C. A. gymnasium to hear Dr. W. S. Piper. Secretary Graffius has spoken to audiences of two thousand ladies and girls in some of our cities. He will address the mothers and daughters of our town Sunday afternoon at 4 o'clock on "Our American Girl." Mrs. E. C. Reeve will lead the singing and Miss Emily Edmiston will play a violin solo.

PURIM POPULAR JEWISH
FESTIVAL

NEW YORK, March 15.—At sunset this evening the followers of the Jewish faith the world over will begin the celebration of the festival of Purim, one of the most joyous holidays of the Jewish calendar. The observance of the day is entirely secular in tone, consisting of merrymaking and feasting, of making gifts to friends and relatives, and the giving of "shalach-monos," or gift to the poor.

The festival is based on the book of Esther, and is celebrated as a commemoration of the downfall of Haman, a prime minister of King Ahasuerus, who, according to the book, plotted the extinction of the Jewish race and was hung on his own gallows that he erected for Mordecai, a leader of the Jewish people at that time.

The observance of the festival is symbolic of the incidents of the story. First comes the feast of Esther, on the 13th day of Adar, or one day before the festival when the Orthodox Jews fast, as did Esther. Then comes the reading of the book in the synagogue. At home the housewife has ready baked "Haman Tashen," or three-cornered cakes filled with poppyhead seeds. The three corners of the pastries are supposed to represent the hat of Haman, a mark of high standing in the days of Ahasuerus, while the black filling represents the heart of the wearer.

Purim has been called the Jewish carnival, and many of its features were adopted under the influence of the Roman and other carnivals which happened to be celebrated about the same season. In the early days masquerading had a prominent place in the popular amusements. The custom was introduced among the Italian Jews of the fifteenth century, and from there spread over all countries where Jews lived except perhaps in the Orient. Boys and girls would walk from house to house in all kinds of grotesque masks and indulge in every form of jollity. Purim comic songs in rhymed doggerel would be sung, and after being rewarded they would leave for other pastures.

It was only natural that from these simple and crude amusements a higher form of entertainment should be evolved, and thus it was that the Purim play became an established form of Jewish recreation in the Middle Ages.

WANTS PAY FOR DAMAGED
AUTO

Suit was entered in the Prothonotary's office today by George W. Johnson, of Clearfield, who seeks to recover \$410 from Louis Finberg, of Philipsburg, for damages to a roadside automobile which came into collision with an auto truck belonging to Finberg.

The accident occurred near Chester Hill through on October 8th last, and the plaintiff's statement recites that the repairs to the roadster following the wreck cost \$110, while the depreciation of the machine as an incident thereto will amount to \$300 more.

AMERICAN IMPORTALS

CHARLES F. HOFFMAN, Gunny Sergeant, 49th Company, 5th Regiment, U. S. M. C. Sergt. Hoffman received the Distinguished Service Cross for an act of conspicuous gallantry in action with the enemy near Chateau-Thierry, France, June 6, 1918. Immediately after the company to which Sergt. Hoffman belonged had reached its objective on Hill 142, several counter-attacks were launched against the line before the new position had been consolidated. Sergt. Hoffman was attempting to organize a position on the north slope of the hill when he saw twelve of the enemy, armed with five light machine guns, crawling toward his group. Giving the alarm, he rushed at the hostile detachment, bayoneted the two leaders, and forced the others to flee, abandoning their guns. His quick initiative and courage routed the enemy from a position from which they could have swept the hill with machine gun fire and forced the withdrawal of our forces. His home is in Brooklyn, N. Y.

LESSON FOR MARCH 16

THE CITIES OF REFUGE

LESSON TEXT—Joshua 20.
GOLDEN TEXT—Blessed are the merciful: for they shall obtain mercy.—Matthew 5:7.
ADDITIONAL MATERIAL—Numbers 35; Deuteronomy 19.
PRIMARY TOPIC—Protecting the unfortunate.
INTERMEDIATE TOPIC—Treatment of unintentional offenders.
SENIOR AND ADULT TOPIC—Our responsibility toward offenders.

1. The Need of the Cities of Refuge (20:1-3).
Justice everywhere. "An eye for an eye," "A tooth for a tooth," "Blood for blood," and the avenger of blood was charged with the duty of satisfying this cry. While justice should not be allowed to miscarry, it is most important that there be mercy shown. Sometimes just men forget to be merciful. In order that the innocent be protected and mercy shown to the unfortunate and yet justice be done, the cities of refuge were authorized. It was not a scheme by which the criminal was absolved from justice, but a provision whereby the innocent was protected.

2. Regulations Touching the Cities of Refuge (20:4-6).
1. The right of entrance not to be denied (v. 4). It was obligatory upon the rulers of the city to admit upon demand the one who had killed, pending a trial which would disclose the fact as to whether the crime had been intentional or not.

2. The security of the one who entered the city (v. 5). The rulers of the city did not dare to deliver the man slayer to the avenger of blood for punishment until a fair trial had been given; neither could the avenger cross over the threshold of the city to touch a hair of the one who had taken refuge in it.

3. The right of fair trial (v. 6). This provision of mercy made it so that the refugee could be safely made an object of investigation was made as to whether he had killed "unwittingly" or by wicked purpose. It should be proved that the man was guilty of murder he was delivered over by the authorities to the avenger of blood that justice might be done.

4. The innocent slayer must remain in the city (v. 6). Even though the trial should exonerate him from intentional killing, yet he must remain in the city in order to be saved. So great is the act of taking a human life that even the innocent man was obliged to be separated from his home and friends at least until the death of the high priest. This deprivation enforced the obligation to shield life.

5. The Appointment of the Cities of Refuge (20:7-9).

1. On the west side of Jordan (v. 7).
(1) Kedesh in Naphtali on the north.
(2) Shechem in Mt. Ephraim in the center.
(3) Hebron in the south.

2. On the east side of Jordan (v. 8).

(1) Golan in Bashan on the north.
(2) Ramoth-Gilead in Gad in the center.
(3) Bezer in Reuben in the south.

In this distribution there was a place of safety accessible to all. Those cities were not only in reach, but good roads well marked, led to them so that the refugee might reach a place of safety before being overtaken (Deut. 19).

This beautifully illustrates the refuge which the sinner has in Christ. (1) It's necessity. Since by accident or wicked purpose men did kill in order to be saved from the avenger, all cities of necessity were appointed. All have sinned and are exposed to the wrath of God; therefore if any have saved a place of safety must be provided in Christ. (2) This provision was by divine appointment. "Of him who is in Christ Jesus" (1 Cor. 1:30). (3) The cities were accessible to all. They were so distributed that wherever the unfortunate circumstance should occur the slayer could flee to the city before being overtaken. Christ is not far off. The Bible shows what great effort God makes to save men. (4) The one who fled to the city was secure. The avenger did not dare cross over the threshold of the city. Every one who is in Christ is secure. No one can lay anything to the charge of God's elect. (5) The individual must flee to the city. The man slayer must be exposed to danger if he remained at home or outside of the city. The sinner, if he would be saved, must come to Christ. There is no place of safety for those who remain away from the safety in Christ is even more vital than that in these cities. To him the guilty can flee with the assurance of safety.

JUVENILES CHARGED
WITH SERIOUS ACTS

Judge Bell presided over a session of Juvenile court today, the necessity for same being occasioned by the fatal stabbing of little Leo Spencer by John Shoff at Madera on Friday, February 21st last, and a case from Woodland in which a young lad named Stevens is charged with the inhuman abuse of a little girl taken from the Children's Home by Mr. and Mrs. James Stevens, parents of the accused lad.

The Shoff hearing was taken up at 10:30 and a great deal of testimony taken. On the date mentioned the Shoff boy, Leo Spencer and his little brother were playing in the attic at the Shoff home. John Shoff is thirteen years of age and Leo Spencer is about 11.

The Spencer boys were playing with two toy railroad trains on the floor while the Shoff boy was whittling out a miniature airplane wing.

John ordered Leo Spencer to stop playing with the train and as he arose, from the floor immediately in front of Shoff, the latter's pen knife struck him in the back, the point of the blade penetrating the water sac surrounding the spinal cord.

Following the injury the boys continued to play in the attic for half an hour and then adjourned to the yard. The Spencer boy went home in the evening and complained of being sick at his stomach, but failed to mention his injury. He remained in bed the next day and his father procured medicine for him from the doctor. On Monday the doctor was summoned and the knife wound was discovered.

The injury failed to respond to treatment and the following Thursday the boy was brought to the Clearfield hospital where spinal meningitis developed and death ensued in a few days.

The Spencer's allege that the Shoff boy deliberately stabbed their son and Leo's brother, who was an eye-witness of the happening, described how John, who was whittling left-handed, took the knife in his right hand and struck the boy in the back with it in his anger.

John Shoff and his parents contend the stabbing was purely accidental. That the boys were so close together that when Leo started to get up from the floor he raised up against the knife in John's hand as he whittled, and pointed to the fact of their continuing to play in the attic for another half hour as showing there was no trouble between the boys.

Several witnesses were called to show that the boy was a bad boy, while the Shoff's and their friends testified to the contrary. Juvenile Probation Officer Leavy who investigated the matter for the district attorney said he found the Shoff boy had a bad name in the community.

District Attorney Arnold conducted the examination for the commonwealth, while Walter Welch, Esq., represented the Shoff boy.

The testimony in the Shoff case was completed before the noon recess and the Stevens case was taken up after dinner.

Little Minnie Jackson, who said she was 12 years of age, on March 1st, then went on the stand and recited a harrowing tale of her treatment at the hands of Layman Stevens. Her chapter of horrors ended with the story of how Stevens took a hot poker, while his two brothers aged 8 and 6 years held the little victim and burned her severely two different times.

Stevens was put on the stand and admitted the whole story. He said he was 12 years of age, but had secured employment at the Harbison-Walker brickworks at Woodland by representing himself as being 14.

His father was called to the stand and corroborated the stories told.

No action was taken by Judge Bell in either case, as he desires to secure further enlightenment.

NORMAN MACK PICKS WILSON
AS 1920 WINNER

(By United Press)

RICHMOND, VA., March 15.—Woodrow Wilson again will serve the United States as President, according to Norman E. Mack, of Buffalo, N. Y., former National Democratic chairman. Mack, here on a visit, predicted that Wilson will be the choice of the people in 1920. Pershing, Harding or Wood will be the Republican candidate in Mack's opinion.

DEMobilization IS NATIONAL ARMY MAN
SAYS HE PLANNED
CAMP ARE REDUCED ASSASSINATION OF
AUSTRIAN ARCHDUKE

By United Press

WASHINGTON, March 15.—Demobilization of the American army now stands at 1,419,386, the office of the chief of staff announced today. The demobilization work has been slowed up, a table shows, due it was stated to the fact that nearly all the men in this country except those needed to maintain the camps have been discharged. This week the total demobilization was 34,081 and is the smallest of any week since November 23. Future demobilization work, it was stated, depends now almost entirely on the rapidity with which the men are returned from overseas. Orders issued March 11, for demobilization approximate 1,678,500 showing that all but 250,000 of this number are now back to civilian life. The original orders include 1,305,000 troops in the United States and 373,500 overseas men.

SUSQUEHANNA COLLEGE OF
MUSIC RECITAL PLEASING
EVENT

The pupils' recital at the Susquehanna College of Music Thursday evening was a musical treat long to be remembered by the capacity audience which thronged Thayer's spacious Locust street auditorium.

There were fifteen numbers on the program and each performer showed that class and perfection which dominates the work of all students of this popular and thorough going institution.

Every number was worthy of commendation but the artistic skill and ability of the following participants really deserves especial mention: Miss Catherine Plummer and Miss Elizabeth Heck, pianists; Catherine Weber, Regina Malloy, Fred Sheeder, and Percy Frailey, violinists. Miss Nettie Maines, soloist, demonstrated the possession of a beautiful voice while Miss Margaret Littman recited very prettily.

The College of Music is in its thirteenth year in Clearfield and improves with age by getting better and much better each year.

Both Prof. Thayer, his faculty and pupils are to be congratulated upon the general excellence of Thursday evening's program.

STATE TO FORCE
UNANIMITY ON THE
VACCINATION LAW

By United Press

HARRISBURG, March 15.—Commissioner of Health Dr. Martin today announced that he would at once institute a proceeding to finally determine the question of compulsory vaccination for public school children in the state. Immediate legal action against parents who refused to permit their children to be vaccinated according to law is planned. Commissioner Martin by direction of the Attorney General's department has retained counsel in various counties where the vaccination laws have been most flagrantly violated.

Proceedings have been ordered to be issued in Cambria county and are continuing in various sections of the state.

COTTIN WILL BE EXECUTED
SOON

(By United Press)

PARIS, March 15.—Emile Cottin, under sentence of death for the shooting of Premier Clemenceau probably will be executed within 15 days, it was announced today.

By United Press

Camp Sherman, O.—Intelligence officers today are investigating a story told by Private Frank Hobel, aged 27, a patient in the base hospital that he was one of four men who planned the assassination of Austrian Archduke Franz Ferdinand which plunged the world into war.

Hobel says after the assassination his father gave him \$300 and advised him to leave the country. According to Hobel's story he travelled at night overland until he reached Canada, and landed in New York six weeks after Austria had declared war on Serbia. He went to Lorraine, Ohio, where he secured employment in a steel mill. When the United States entered the war he was drafted and went to Camp Sherman. He has been there ever since. Most of the time being spent in the hospital for treatment for tuberculosis. Intelligence officers said today that their investigation so far indicated that Hobel is telling the truth.

FOURTEEN MILLIONS FOR
ROADS

HARRISBURG, Mar. 14.—The sum of fourteen million dollars was made available today for state highway when Governor Sprout signed the highway department appropriation bills. This action, it is believed, will give road construction a new stimulus.

One bill appropriates \$3,620,000 for salaries and other expenses that will be incurred in the administration of the department for two years. The other appropriates \$10,380,000, divided as follows:

Permanent highway construction, \$5,000,000.
Repairs of state highways, \$4,000,000.
Maintenance of state aid highways, \$400,000.
State share in construction of state aid highways, \$43,000,000.
Turnpike condemnation, \$500,000.
Second class township road bonds for 1918 and 1914, \$1,142,049.38.
Damages, etc., \$20,000.

SHALL WE CHANGE OUR SUNDAY LAWS?

MOVIE MAKERS WANT NEW BILL PASSED

IS PROPOSED BILL SHEEP OR A LAMB?

LABOR OPPOSING MORE SUNDAY WORK

We will always have with us the subject of Sunday observance. With every change of administration the advocates of an open Sunday try their arguments on the new incumbents of office. Thousands of dollars have been spent by these advocates to obtain what they want and judging from their present activities they are prepared to spend thousands of dollars more to obtain amendments for the Sabbath Day. The motive behind the activities of the major portion of these men is open to question. In fact it is plain. Before the saloons lost their last ray of hope, the saloon men of the cities were worried to death for fear the poor workingman would have no place to loaf and spend his money on Sunday. Of course they did not put it in that language but it was the way it sounded to us. Then came the movie industry, that octopus which has wound its tentacles about the lives of a large percentage of our young people and has grown so large in its wealth and influence that no less a personage than the Treasurer of our country has become an employee of one of the big firms producing pictures. A bill repealing our old time blue laws and legalizing certain forms of Sunday entertainment is now before the legislators of the state. This is a matter which is of vital interest to every citizen and merits their consideration.

law. Some Philadelphia high-brows are trying to change the whole Pennsylvania scheme of laws to enable the Philadelphia Orchestra to give Sunday concerts and, they say, enable the hard working Philadelphia worker to go to the concert and hear good music. If, however, the movie houses are going to be open to compete with the long haired artists, we have seven iron wheels to bet that while one hundred Hog Island riveters and shipbuilders are listening to a Polish Polka or a Rhennish Rhapsody, one hundred thousand of their fellows will be looking on Mary Pickford, Douglas Fairbanks or Charley Chaplin.

The writer is in favor of free municipal Sunday concerts of secular music but that the proposed law is a "joker" is proven by the activity of the movie industry. The object of the sponsors of the bill is not to enable anyone to enjoy themselves any better but to roll up profits on seven days in a week instead of six. Any moving picture exhibitor in the country will admit that he has been importuned to use his influence in favor of the bill. While the movie-makers, the theatre managers and the capitalists of the movie game are in favor of the bill "in order that we might enjoy ourselves and they thereby profit," how much thought are they giving to the theatre employee, the orchestra musician, the machine operator and others who must work on Sunday? Laboring men have always fought for a six day week and it is a right that should not be denied them. The new bill, as we see it, is a body blow to the rights of labor. Sunday amusements cannot be run without labor.

WINBURNE TO HAVE FIRE BRICK PLANT

Winburne, terminal of the Centre and Clearfield street railway, is to have a \$150,000 fire brick plant, construction work on which will begin as soon as weather conditions permit. The Winburne Fire Brick company, incorporated, composed of Pittsburgh, Punxsutawney, Clearfield and Winburne men, will own and operate the plant.

The forty-acre level tract just below the New York Central station, at Winburne has been purchased, and on this piece of ground the plant will be erected. About 700 acres of fire clay and 400 acres of coal lands, lying adjacent to the site, have been purchased.

Skilled engineers have estimated the clay beds, which are in five separate veins and totaling 47 feet, will yield 50,000,000 tons, which will be sufficient to operate the plant at a capacity of 50,000 brick a day for several generations. The coal will total 2,000,000 tons.

BOB OTT AS HE IS

Salamanca, N. Y., critic says:
EXCEPTIONALLY GOOD STOCK COMPANY IN CLEAN SHOW
Auspicious Opening of Week's Engagement of Bob Ott & Co. At The Andrews

"One of the best stock companies that ever has played at a Salamanca theatre, presenting a clean comedy, interspersed with acceptable specialties---that in brief is the record of the opening of a week's engagement at The Andrews last evening by Bob Ott & Co. A full house greeted the company and gave every evidence of appreciation.

"Ask Dad---He Knows," the first night's bill, cannot properly be called a musical comedy. It is truth simply a comedy, with musical numbers thrown in extra. It is a comedy that is full of humor and the Ott Company gives a very satisfactory interpretation. And it is worthy of note that there is a complete absence of objectionable features. Speaking briefly between acts, Mr. Ott said that this holds true of the company's entire

"Bob Ott is a clever comedian and he has surrounded himself with a group of young players that compares favorably with many more pretentious companies. In fact, there have been few offerings at small city theatres since the effects of the war were felt in the theatrical word possessing more real merit.

"The company boasts no stars and does not essay anything pretentious in the way of music; but the individual voices are all good, and the choruses are well sung."

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much vigor as you did when in the springtime of youth. Keep your body in good condition, that's the secret. Watch the kidneys. They filter and purify the blood, and of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and decay, uric acid accumulations from your system. Take GOLD MEDAL Haaslin Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haaslin Oil Capsules are the imported direct from the laboratories at Haarlem, Holland. They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

NEWS OF OUR NEIGHBORS CURWENSVILLE

A number of relatives and friends from this place attended the funeral of William Freeman at Grampian Thursday afternoon.

The report that there were several cases of the influenza on the South side is erroneous. The attending physician informed the Progress man that the persons who are supposed to be afflicted by the disease, are all only from minor complaints and will soon be able to be up and about again.

The two or three inches of snow that fell during Thursday night tickled the kiddies almost to death Friday morning and during the day threw balls and used their sleds to their heart's content. The snow did not deter the robins from ushering in the day with morning song however.

At a recent meeting of borough council the question of purchasing a new motor fire truck was finally brought to a conclusion, by a vote authorizing the purchase of a truck from the LeFrance people for the sum of \$10,250, the borough to contribute the sum of \$7,000, and the firemen agreeing to contribute the balance, \$3,000. The truck will be delivered in about three months, and when it arrives it will be thoroughly tested and if found to be and will do the work claimed for it, will be accepted by the borough. Council also passed a resolution to issue bonds for the sum of \$7,000 instead of the amount asked for at the time the bond issue was voted on. Now that the fire truck business is finally settled, it would be well for member of council to turn their attention to the water question, and ascertain if the citizens of this borough are to be compelled to pay the advanced rate asked by the water company or not.

The Progress man has been requested to announce in his letter that there will be a meeting of the Liberty chorus on Thursday evening, March 20th, at the High school building. This will be an important meeting and all of the members are urged to be present.

Messrs. Frank and Rufus Morris and Clarence Bell have gone to Cambria county where they have secured employment in a fire brick plant of which William McDonald of this place is the superintendent.

Miss Jeannette Miller, north Thompson street, entertained her classmates of the Senior class Friday evening in honor of St. Patrick's day.

It is announced that Mrs. John Fox of Susquehanna avenue, will entertain the Rosary society at their friends at her home next Thursday afternoon, March 20th.

Mrs. W. A. Thompson, entertained a number of guests Thursday evening.

at her home on tSate street, the occasion being the celebration of a birthday anniversary of Mrs. W. G. Laye. Everybody came away voting that they had spent a most pleasant evening.

The Sunshine Mission of the Presbyterian church will hold a food and candy sale in the room formerly occupied by the Harry Teats grocery store on Saturday afternoon, March 15th. Everybody is invited and will be made welcome.

There will be a meeting of the members of the Rescue Hose and Ladder company in their rooms on Monday evening at 8 o'clock. It is requested that every member of the company be present.

Considerable complaint is heard about so many loose dogs being allowed to run at large throughout the town. A drove of a half dozen will cavort for an hour or so in the muddy alleys and then run over porches, back and forward, tracking the floors in such a manner as to compel the women to do a lot of extra scrubbing and cleaning. A considerable number of these canines are at large without either collar or tag. It would be just as well if some good Samaritan would take a gun and spend a few hours each day getting rid of a lot of these worthless and bothersome animals.

BAND REHEARSAL TOMORROW AFTERNOON

The Fire Department band will meet in No. 1 hall Sunday afternoon at 3 o'clock. All members are requested to be present.

Two hundred \$2.50 crepe de chine and silk waists will be sold at Markin's for \$1.98. All shades and all sizes.

The Illinois Industrial Survey Commission, appointed under an act of the legislature of 1917, has submitted a report recommending an eight-hour day and a 48-hour week for women workers. The report finds that employers themselves are testifying to the value of shorter hour of work for women employees.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musteroil
When those sharp pains so shooting through your head, when your skin seems as if it would split, or rub a little Musteroil on your temples and neck. It draws out the inflammation, soothes away the pain, and gives quick relief.
Musteroil is a clean white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.
Many doctors and nurses frequently recommend Musteroil for sore throat, bronchitis, croup, stiff neck, asthma, lumbago, sprains, rheumatism, neuralgia, corns, and sores of the hand or feet, chilblains, frost-bite—colds of the chest (it often prevents pneumonia). It is always dependable.

Searching test of service has proved its power

The Perfected Valve-in-Head Motor of the Nash Six was from the first accepted generally as marking a distinct advance in motor engineering. The correctness of that verdict has been demonstrated. The searching test of service has proved the Nash Perfected Valve-in-Head Motor to be powerful, economical and quiet.

Study the Columbus Fifth Wheel Only International Wagons Have It

WE can demonstrate how the Columbus fifth wheel makes the best wagon still better. Look over this strong, new feature, which you will find only on International wagons.

The famous fifth wheel on the Columbus, made of strong, malleable iron, with large wearing surfaces, does these things: It distributes the strain on the front bolster and sand-board; overcomes pitching of bolster, so preventing bending or breaking of the king bolt; does away with pulling up of front bolster and bending of circle iron.

The top plates of the fifth wheel are widest, so the lower plates are protected and no dirt gets in between. The more you study the merits of this feature, the more you will appreciate its importance.

TODAY'S EVENTS

Maine today enters upon the one
hundredth year of her statehood.

At sunset this evening begins the
annual observance of the festival of
Purim, one of the most joyous oc-
casions of the Jewish calendar.

Edward Payson Weston, the most
famous professional pedestrian that
America has ever produced, will re-
ceive congratulations on his 80th
birthday.

Accompanied by a party of United
States Navy officers, Secretary Dan-
iels is to sail from New York today
for a conference with the Allied naval
officials in Europe.

Representatives of six of the lead-
ing women's colleges of the east—
Vassar, Mount Holyoke, Smith, Wel-
lesley, Radcliffe and Barnard—are to
engage in an intercollegiate debate
today of the subject: "Resolved, that
universal free trade shall be upheld
by the league of nations."

Seventy-five railroadcars are need-
ed daily to haul away the merchan-
dise sold by America's largest mail-
order house.

Two hundred \$2.50 crepe de chine
and silk waists will be sold at Mirkin's
for \$1.98. All shades and all sizes.

DOESN'T NEED ANY LAXATIVES NOW

Mr. Becker says life is a joy,
without constipation or
stomach trouble.

"I had catarrh of the stomach and
head for three years. My stomach was
so bad that every time I ate anything
sweet, such as fruit or pastry, the burn-
ing hot water would run out of my
mouth. I had to take a laxative every
night."

"Since taking Milks Emulsion, my
bowels move regularly. I have now
taken ten bottles and have gained 10½
pounds. All my friends remark how
fine I am looking, and it seems a piece
of cake to live again, without stomach
trouble."—E. Becker, Miami, Ohio.

Physicians usually make slaves out of
their users, and weaken the bowels in-
stead of correcting them. Stomach trou-
ble in many cases is directly due to
constipation.

Milks Emulsion is a pleasant, nutri-
tious food and a corrective medicine. It
restores health, builds up the system,
going away with all need of pills and
physics. It promotes appetite and quick-
ly puts the digestive organs in shape.
It is strongly recommended to run-down ner-
vous people, and it has produced amaz-
ing results in many cases of asthma,
chronic bronchitis and tuberculosis of
the lungs. Chronic stomach trouble and
constipation are promptly relieved—usu-
ally in one day.

This is the only solid emulsion made,
and so palatable that it is eaten with
spoon like ice cream. A truly wonder-
ful medicine for weak, sickly children.
No matter how severe your case, you
are urged to try Milks Emulsion under
this guarantee—Take six bottles home
with you, use it according to direc-
tions, and if not satisfied with the
results, your money will be promptly
refunded. Price 60c and \$1.20 per
bottle. The Milks Emulsion Co., Terre
Haute, Ind. Sold and guaranteed by
Stewarts Drug Store.

The Sanitary Wall Covering

A package of Alabastine and four pints of water will
tint 300 square feet of wall space.

Alabastine is made in many colors and white. It is
easily applied. It is better than wall paper, because it is
sanitary. It can be cleaned easily. If you wish to re-decor-
ate the wall, you can wash off the Alabastine with water.

It is the clean, sanitary wall covering.

Gossip for Tonight's Tea Table

Miss Daisy Thompson, of West Lo-
cust street, entertained seven of her
friend at dinner last evening. Fol-
lowing the dinner game and other
amusements were the order of the
evening.

Mrs. Gust Sunbery is visiting her
aunt Mrs. M. T. Bowman at her home
on Second street.

Mrs. O. R. Fullerton and brother
Owen Wilson, of Tyrone, are spend-
ing the week end with their sister
Margaret Wilson at the Riverside ho-
tel.

First Class Sergeant Lucas, of
Clearfield, who has been attached to
the Seventh Division, in France, was
in the city last evening to attend the
game between DuBois and Punxsy.
Sergeant Lucas passed through the
city two days ago on his way home
for the first time since returning from
France. At the time of the armistice
he was in an Officers' Training
School in France.—DuBois Courier.
